Rifles > FN SCAR® Series > FN SCAR® 20S NRCH Woodland

FN SCAR® 20S NRCH Woodland Limited Edition

Available for commercial.

MSRP: \$5,199.00

Buy Now ▼

The legendary FN SCAR® is upgraded with Non-Reciprocating Charging Handles. Available in woodland as a limited edition.

Adaptable: New, non-reciprocating, dual charging handles allow you to shoot from

SPECS

CALIBER: 7.62x51 mm

OPERATION: Short-stroke gas piston

MAG CAPACITY: 10 Rd.

BARREL LENGTH: 20"

OVERALL LENGTH: 41"-42.8"

WEIGHT: 11.6 lbs.

PRIMARY FEATURES

Available in woodland as a limited edition

New bolt carrier assembly with NRCH enables any shooting position or optic choice, reduces felt recoil

Extended monolithic receiver

Short-stroke gas piston

RECEIVER & FRAME

Hydrographically camouflaged receiver and trigger module frame

Hard-anodized monolithic aluminum

MIL-STD-1913 accessory rails at 3, 6, 9, and 12 o'clock positions

BARREL

Cold hammer-forged, chrome-lined, free-floating heavy contour barrel

TRIGGER

Two-Stage Match trigger

any position without interfering with optics or grip.

Reliable: Short-stroke gas piston system with an adjustable low-flash gas regulator. The reduced reciprocating mass of the new bolt carrier produces less felt recoil.

Accurate: Fully free-floating, cold hammer-forged, chrome-lined barrel and one-piece machined aluminum upper.

Tested: FN's most tested rifle platform remains the choice of the U.S. military's most elite fighting forces. Rugged, precise and dependable, all SCARs have earned their stripes.

Rifles > FN SCAR® Series > FN SCAR® 17S DMR

FN SCAR® 17S DMR

Available for commercial and law enforcement.

MSRP: \$4,629.00

Buy Now ▼

The SCAR 17S DMR is the benchmark for accuracy and versatility from a light-recoiling, piston-driven platform, extending range and precision with the addition of the 6.5 Creedmoor chambering. This model features the enhanced SCAR 20S rear stock and match trigger for filling the role of a DMR.

Adaptable: Dual, non-reciprocating charging handles ensure any braced or barrier-contact position shoots flawlessly, without interfering with optics or grip style. Fully-ambidextrous controls and precision buttstock adapt to any shooter.

Reliable: Short-stroke gas piston system with an adjustable low-flash gas regulator. The reduced reciprocating mass of the NRCH bolt carrier produces less felt recoil, making a soft-shooting rifle even easier to manage.

SPECS

CALIBER: 6.5 Creedmoor
OPERATION: Short-stroke gas piston
MAG CAPACITY: 10 Rd.
WEIGHT: 9.5 lb.

optic choice, ensuring any braced or barrier-contact position shoots flawlessly. A rugged, monolithic upper receiver with MIL-STD-1913 rail provides space for rail-mounted accessories, and a folding buttstock fits any shooter with adjustable length of pull and cheek rest height. The FN SCAR 16S in 5.56x45mm is the benchmark for reliability and versatility from a light recoiling, piston-driven platform.
